

Amos Coggswell Cemetery
(private cemetery)

This cemetery is located in Aurora Twp in the south west corner of section 10 and is a private cemetery that is recorded in the Steele Co records in the recorder's office in the county court house in Owatonna.

It is registered under number #8120 in the Register of Deeds and was surveyed in 1893 by AM Mitchell (Steele Co Surveyor) 4 rods x 4 rods (16 sq rods.)

Only (8) lots 14 1/2 ft x 27 ft. The cemetery is located approximately 1/4th mile east of Steele Co Road 6 north of the twp road.

I have not recorded this cemetery as I see no visible markers but I will list the burials that were listed in the survey in 1893.

Amos Coggswell
Harriet I Coggswell
Lewellyn Coggswell
others possible (Coggswell)
Helen Riley
James Riley
Abbey Mc Crady
Michael Mc Crady

This report is made for the information of this cemetery and the cemetery is fenced and mowed. No other data (dates) is available in this report.

Aurora Lutheran Church Yard Cemetery

Havana Township - Recorded April 4 1987 by Ron Hougtelin

This cemetery is located in the north east corner of section 33 of Havana township on the south side of the township road in Steele County Minn. The older part of the cemetery is on the south side and the newer part is on the west side of the church building. This cemetery is well kept and maintained. A 15' grass Drive is on the east side for access. Not fenced and farmers fields border the east, west, south sides of the cemetery.

The west side and newer part of the cemetery is about 100' east and west X 225' north an south next, to the township road, with a large portion on the south west corner an open area. Also a larger west area is open and not used as a cemetery at this time.

As the west area was in nice easy to determine rows, I started the recording in the northwest corner of the new area of the cemetery. The row farthest west I called row 1 and then the next row east as row 2 and so on to row 7 about 100' east of starting row 1. In this area I recorded all 7 rows from north to south (N/S).

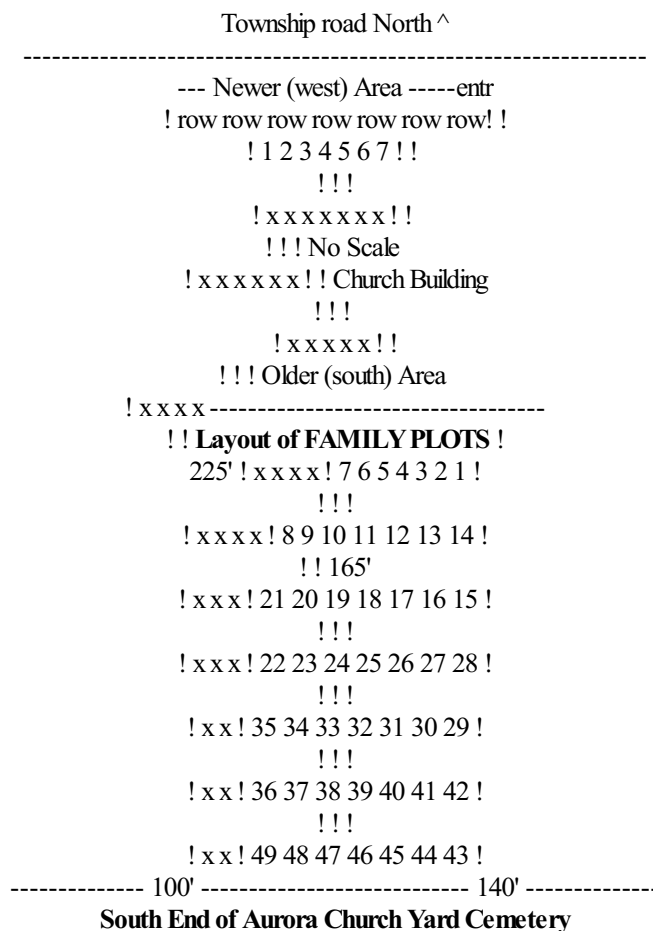

The older area is about 140' east and west X 165' north and south and is laid out in family plots of about 20' X 20' with eight burial sites on each 20' X 20' plot. The information from the cemetery records was used for the general location in the cemetery and in the plots of burials.

From the cemetery records I will show the general layout of the plots and burial sites and will give a listing of the family lot owners that were taken from the cemetery records. The recording of the older area used this plot layout and the names of all the burials in each plot. The markers in each plot were recorded with the dates or other information and burials with no markers are mentioned with only their names.

Abbreviations used in this report are as follows. oss is: on the same stone marker as the one just recorded. onp is: on next plot or burial site. osp is: on same plot or burial site. vht is: very hard to read. umgs is: unmarked grave site. (FS) is: Foot Stone marker. (N/S) is: recorded north to south

. This is not an actual cemetery record, but is a record of the information found on the markers and information from the cemetery records.

Aurora Twp Cemetery

Recorded July 1985 by Ron Houghtelin

Located in Aurora twp section 13. Entrance from Steele Co Road #6. This cemetery is aprox 100' x 300' and is fenced and is mowed. Some of the markers are broken an toppled over. Some markers are led gable on the ground and are recorded here as best as could be intrepid and read.

This cemetery is recorded in the county records at the County Recorders Office in Owatonna original surveyed by BS Wheeler county surveyor June 6 1872 for the Aurora Cemetery Association.

Note: a stone marker located in central portion of the cemetery is very difficult to read.

I read Hans ?einsen (**Heinsen** or **Hansen?**) Dode 14 Oct 1874 age 5y 13d (Danish)

The Aurora Cemetery seems to have many unmarked grave sites, probably some were never marked and also many of the markers have been lost thru settlement of markers and broken stones.

Recorded by Ron Houghtelin, Owatonna, Minnesota, July 1985

Berlin Township Cemetery

Recorded July 16 1895

Ron Houghtelin, Owatonna, Minnesota

This cemetery is located in Berlin twp section 13 approx 150'x 250' and is well drained and mowed, maintained and cared for. Completely fenced on all four sides and two gates on the east side entrance from north/south roadway from twp road about 1/4 mile north. Just off Steele Co Road #14 and can be easily seen from the county road. Some of the white markers are broken and are either piled up or just laid next to the proper marker bases. I have recorded all that I could read. I also tried to record unmarked grave sites (umgs) when I could determine them.

Bohemian National Cemetery

Recorded Aug 1985 by Ron Houghtelin, Owatonna, Minnesota

This cemetery is located in Owatonna twp between the SE corner of section 22 and the SW corner of section 23. Entrance is just off Steele County Road 6 about 1/4 mile south of TH 14 (Austin Road) and south of Owatonna Minnesota. The sign at the entrance says, Dedicated to the Pioneer Settlers of Steele Co. Bohemian National Cemetery, Established 1856-Dedicated 1931, Rededicated 1975-----

Venovano Ceskem Osadnikum v Steele County Minnesota

Vault in the Front near the entrance

Inscription: Cesko Slovansky Narodni Hrbtov Zalozen Roku 1867

This cemetery is well cared for, maintained and is an active cemetery. Small wooded hill and is fenced with a wooden white fence on the sides and the rear areas.

Bragg Cemetery
Recorded March 24 1987

This cemetery is located in Lemond twp on the north side of section 30 about 3/4 mile west of Steele County Road 7 and about 1/4 mile east of the Waseca County line. All that remains is a few Stone marble tablet markers in evidence that are in the front corner of a farmyard.

Two markers indicate two burials but the area just south of the markers seem to verify at least 6 to 10 others could also be buried here in what is now the front yard of this farm place. Other likely burials could be other members of the Bragg family, wife, other children, maybe brothers and sisters and possibly other close friends and neighbors from this area. This we will probably never know.

I have recorded what I found and will list the following markers as I read them. For lack of a name I have simply called this cemetery. "The Bragg Cemetery."

Bragg

Alvin died ????? Aged 57 years 12 days

** inscription "Thy will be done" (FS) ABBragg

Ellen E dau of HW and MG Bragg died Sept 18 1867 age 1 mo

** inscription "God Bless's in an early death and lives in the family Himself"

** inscription " Rest little one"

** inscription " Our little Ella Gone Home" (FS) EEB

Corpus Christi Catholic Church Cemetery - Deerfield Township

Recorded March 1987

Recorded by Ron Houghtelin

Corpus Christi Cemetery is located almost directly across the road from the church in Deerfield twp, about 7 miles west of Medford Minnesota. The church is located on the north side of Steele County Road 12 in the south west corner of section 8 and the cemetery is located on the south side of Steele County Road 12 in the north west corner of section 17 in Deerfield twp in Steele County Minnesota. The cemetery is maintained and well kept.

The cemetery has a hedge on the entire north side next to the road, except for the 15' center grass drive opening near the center. The general size of the cemetery is about 250' east and west X 100' north and south with open areas on the west and east and south sides and a narrow border near the hedge with no burials.

The burial rows are about 12' to 15' wide. I started recording at the most western row and called it row 1 and recorded all rows from the north to the south so as to associate families. Row 2 was the row just east and so on to row 4 just west of the 15' center grass drive. The row just east of the 15' center grass drive is row 5 and then row 6 until row 10 at the east side of the cemetery. Recorded north to south from the hedge.

osp = on same plot.

onp = on next plot.

oss = on same stone.

vhtr = very hard to read.

umgs = unmarked grave site.
