Made available to The Steele Co. genealogy pages by: John Haberman

=====

A number of names from the 1880 Federal Census for the Steele County, Minnesota township of Clinton Falls are not available because deterioration had significantly degraded the pages before they were microfilmed. About 54 surnames and 237 individual names are missing from the census listings. Luckily there exist platt maps containing the names of the "Landowners of Record" in 1879. These can be helpful in finding a missing Steele County ancestor. I have extracted the names from the map for Clinton Falls Township. As with the census image extracts, I have interpreted the names as I read them. You will probably interpret some of the names differently. Some persons own more than one property in Clinton Falls Township but they are listed only once in this names list. Some persons do exist more than once in this list because ownership is sometimes listed by name and sometimes by initials on the map.
